SOUREN CO. takes pleasure in making this stock available for the enrichment of collections, great or small. Whatever your needs in United States stamps and regardless of the amount involved, the Y. SOUREN CO. is ready to be of service.

## Pages for Commemorative Blocks

Ever since 1934, LINPRINT has issued pages for all Commemorative singles and blocks of four as well as for many other U. S. Issues. The original edition of these pages was called the LINPRINT UNIT SYSTEM. The first group of pages for each unit that we prepared contained pages for all stamps up to date of publication of the pages. Each year since, we have issued new pages after the close of the year, for all new stamps in singles and blocks that have appeared during the current year. Thus in this manner, users of these pages could always depend on being able to keep their albums up to date.

Recently we have come to the conclusion that there are a great many collectors who are using these pages for single stamps and who would like to have pages for some of the blocks, but who do not wish to purchase the complete Unit for blocks because it starts with the Columbian issue and continues on up to 1935. In that unit are a large number of pages that few collectors can ever hope to fill and thus the pages are not desired.

Now you can buy any page you want for any blocks you want.

### DESCRIPTION AND STYLE OF PAGE

Pages are printed on a heavy weight white ledger paper. All pages are  $8\frac{1}{2} \times 11$  inch size and punched with three holes to fit the standard size ring binders for  $8\frac{1}{2} \times 11$  pages. Pages have ruled boxed space for block of four stamps and with appropriate and neat printed date, names and other data.

### HOW TO ORDER

**In sending your order, ask for Commemorative Block Pages and give only the numbers of the pages wanted. Remit 5c for each page.**

In filling orders, we must provide a large envelope in which to place the pages so that they will reach you in a clean condition. In mailing, we must pack with heavy corrugated board so that the pages will reach you without being bent or damaged. It is therefore necessary that we can not accept an order for less than 5 pages or a minimum of 25c at any one time. Do not ask us to accept an order for less than 25c as we will not fill such an order for these pages.

**POSTAGE IS EXTRA—Remit for postage for 1 pound for anything less than 30 pages; for more than 30 pages remit postage for two pounds.**

Vol. XII, No. 28

COLUMBUS, OHIO, MAY 11, 1940

Whole No. 602

## U. S. Notes

The panel of "experts" as Dr. Hewitt W. Smith of Harrington, Del., writes us, on the Canada Dry Information. Please program, are evidently not stamp collectors. They missed entirely a question asking what famous route began at St. Joseph, Mo., and ended at Sacramento, Calif.

The request for the stamp to commemorate the sesquicentennial of the District of Columbia has not yet been turned down. James Waldo Fawcett in his *Washington Sunday Star* column says that if issued, the stamp would appear on July 16, the anniversary date.

A reader reports a pane of the 4c Washington Bicentennial of 1932 No. 709, lower right pane plate 20568, which doesn't show the double transfer in position No. 60 as listed in the Specialized Catalogue. This should be found on all sheets of this position as the variety existed in the original proof of the plate; and we have no record that it was corrected.

The similarity in color of the 2c and 9c of the Presidentials is again called to our attention by R. W. Simpson, Warren, O., who reports seeing a 2c coil which was very close to the color of the 9c.

The Bureau Issues Catalogue Listing Committee is searching for information that would prove that U. S. numbers 345E or 345S really exist. These are 3c imperforate coils of 1908-10 with double-line watermark. Single copies are of course identical with the regular imperforate stamp No. 345. The committee wants data on supposed stamps submitted. Arthur E. Owen, 6 Canterbury Rd., Abington, Pa., is attending to this work. Unless the two stamps are authenticated, they will probably be dropped from the next Scott Specialized Catalogue.

An unusual U. S. collection: Special Delivery stamps, was shown at the Collectors Club in New York recently by its owner, W. L. L. Peltz. Mr. Peltz showed a first day cover of the Special Delivery service which had been mailed from Ithaca, N. Y., Sept. 30, 1885, though the service was not inaugurated until the next day. It was numbered "1" at the

office of delivery, Boston, Mass. Among some other notes on the collection was the explanation, now mostly forgotten, of the origin of the name "Merry Widow" for the 10c green special delivery stamp of 1908. At that time it was given the nickname because Mercury's winged helmet was so similar to the hat worn by the heroine in the currently popular musical play, "Merry Widow." The stamp, incidentally, owes its short life to being confused with the regular 1c green stamps.

We don't know who sent it, but our thanks to the anonymous reader. Westfield, Mass., had a special postal card printed for the use of the 1c Horace Mann Educators stamp on the second day of issue. The card bears a photo

of the original state normal school building which was erected as part of the second of the three first normal schools which Mann caused to be founded. At Westfield was the first public-supported teacher-training institution for both men and women.

Druggists are carrying on a nationwide campaign for signatures for petitions to the government for a stamp commemorating the 120th anniversary this year of the U. S. Pharmacopoeia, a book of standards regulating the quality of all drugs manufactured in this country. A committee of pharmacists with headquarters at 12 E. 41st St., New York City, is distributing the petitions. 500,000 signatures are expected. *Drug Topics* magazine is sponsoring the drive. Several

## Famous American Composers

STEPHEN COLLINS FOSTER

For nearly a century the compositions of Stephen Foster have been popular airs, sung by all great singers as well as the untrained. The composer was born at Lawrenceville, now a part of Pittsburgh, Pa., on July 4, 1826. His father was from Virginia and a prosperous merchant in the city. Foster was educated at schools in Towanda and Athens, Pa., entering at 15 a college at Canonsburg. This schooling included music, for he had a natural talent in that direction, as at the age of seven he had learned to play the flageolet. He was also proficient at the guitar and banjo, which was reflected in many of the compositions of later years. "Open Thy Lattice, Love" was his first song published; in 1842 while he was employed at Louisville, Ky., as a bookkeeper. Nearly 200 other compositions following in the next 22 years. Their melodies are simple, of such range that even the most limited voices could master easily. "O Susannah" became the marching song of the Forty-niners in their march westward. During a visit to the home of a Judge Rowan at Bardstown, Ky., Foster wrote "My Old Kentucky Home" and this accounts for the selection of this town as first day city for the stamp. In 1854 he married Jane McDowell in a whirlwind courtship—the "Jeannie" that will never be forgotten for of her he wrote "Jeannie With the Light Brown Hair." Foster never traveled in the south, with exception of the Kentucky visit, but by visits to negro camp meetings and wandering about the river front, he learned the basis for his 30 or more negro ditties, of which "Old Black Joe" published in 1861, was the last. It was not until the famous and popular Christy's Minstrels bought his "Way Down Upon the Swanee River" and played it during tours, that Foster became well known. It sold over 500,000 copies in a short time. Stephen had never seen the S(u)wanee River, using its name merely to make the words rhyme. Other popular songs were "Old Dog Tray," "Old Folks At Home," "Massa's in de Cold, Cold Ground." "Beautiful Dreamer" was the last of his songs. Improvident, his life was not a very happy one and in later years he would sell the songs for small sums and then spend the money in drinking. He died penniless in New York City on Jan. 13, 1864, and kindly biographers have touched lightly of the later years of the slight composer, who was often accused of wasting his time in "dreaming." Foster has been termed the Edgar Allen Poe of American composers.

pharmacist collectors have submitted clippings.

A shipmaster must carry mails if the postal service wants him to. This quirk of the postal laws was demonstrated when on March 16 customs men prevented the Norwegian-American liner "Bergensfjord" from sailing because the captain refused to carry mails for fear he might be attacked by either side in the current war due to mail being considered as contraband.

50 folk festivals in celebration of the 400th anniversary of Coronado's explorations are under way. They started May 1 in western Texas and apparently are to progress through that state, and New Mexico, ending on May 31. The stamp if issued, can therefore be expected soon.

Apparently at least two finds of the 7c McKinley rotary press printing imperforate horizontally must have been made. Nels Lundgard of Gloucester, N. J., advises he saw a sheet in 1929 at Atlantic City and obtained two pairs from it and sold these "for about \$4.00" in New York in 1932. The pair which brought \$162 at a recent Mint Sheet Brokerage auction is reputedly from a find of these made some years ago at an unnamed Ohio post office.

Robert Coulmare, Fitchburg, Mass., inquires why the 3c Pony Express stamp is not purple, as he understands there is a postal law that 3c stamps must be purple. The official description announcing the stamp says the color is "purple" and apparently this was changed after the notices were printed. There is no law designating colors of stamps. They can be any color. However, by the agreements with the Universal Postal Union, member countries are required to have all stamps paying the first letter rate on international mail printed in blue; all stamps for first letter rate of interior mail in red; and all stamps for postal cards in green. The 3c rate is temporary and hence the color of 3c stamps has, except for few instances like the Byrd, Maryland and Pony Express, remained purple, and the 2c stamp has continued to be red. This was true during the temporary increase of postal rates during the first World War.

Newburyport in particular and the rest of Massachusetts in general is backing a movement to have Jacob Perkins shown on a stamp. As mentioned before, Perkins discovered the method of transferring designs to soft steel plates and then hardening them, which made possible the printing of an infinite number of identical items like postage stamps in duplicate of the design on the original die. Clippings from John P. Colby, Jr.

## Wyoming Commemorative

A special three-cent commemorative postage stamp will be issued by the Post Office Department on July 10, 1940, in connection with the Fiftieth Anniversary of the admission to statehood of the State of Wyoming, it was announced April 24 by Postmaster General James A. Farley. The official announcement is as follows:

"The new stamp, which is to be purple in color, will be placed on sale for the first time on that date at the Cheyenne, Wyoming, Post Office, exclusively and it will be available at post offices throughout the country the following day, or as soon thereafter as distribution will permit.

The central design of the new Wyoming stamp will contain a reproduction of the Wyoming State Seal, the principal motif of which is a reproduction of the "Victory of Louvre" statue. This statue depicts the draped figure of a woman holding in her right hand a staff from the top of which floats a banner upon which appears the inscription "Equal rights," symbolic of the political equality of women in Wyoming, the first State in the Union to grant women suffrage.

"Standing to the left of the statue is the figure of a man with a broad brimmed hat holding a lariat, representing the livestock and grazing industry of the State, while at the right of the statue is the figure of a miner with pick in hand, symbolic of the State's mining industry. Inscribed on pillars at either side of the "Victory of Louvre" statue are the words "Livestock" and "Grain" on the left, and "Mines" and "Oil" at the right, indicative of four of the State's major industries.

"The inscription 'U. S. Postage' will appear across the top of the new stamp, underneath which on a two-line curved panel will be the wording "State of Wyoming, 50th Anniversary." In the lower left hand corner will be the inscription '1890' and in the lower right hand corner will appear the year '1940.' The denomination designation 'Three (3) Cents' will appear across the bottom of the stamp, which is to be arranged vertically and will be approximately the same size as the current Special Delivery Stamp.

"Further details relative to first-day cover arrangements and the number of Wyoming stamps to be printed will be announced later by the Post Office Department."

## Chicago Centenary Exhibit

The Roosevelt Philatelic Society of Chicago will hold a stamp centenary exhibition in the club rooms at Grand Crossing Park Fieldhouse, 76th St. and Ellis Ave., Tuesday, May 21. A souvenir poster stamp to be issued will be obtainable by sending a self-addressed stamped envelope to the Secretary, Frank J. Hartigan, 6042 Kenwood Ave., Chicago.

• The post office of Maywood in Lincoln County, Ky. will be discontinued on May 31.

## New Savings Stamps Issued

The Post Office Department has issued to those post offices having a Postal Savings division, the new 25c, 50c and \$1 Postal Savings Stamps, plates for which were included among postage stamp plates manufactured in January and printed in February. The new stamps are the result of an act of Congress passed in 1939, extending the scope of the savings stamps. Like the 10c stamp in use for many years, they will be sold to the public, and when a card filled with the stamps is presented at a Postal Savings window a Postal Savings Account may be opened, or one of the government Savings Bonds purchased. The new high values are intended to make it easier to buy the bonds. The 25c stamp is being sent all first and second class Savings offices, but the 50c must be requisitioned by post. The \$1 will be available only at those post offices "which sponsor savings groups among their employees or who have patrons who sponsor a savings group primarily to provide an easy payment plan for the purchase of savings bonds."

None of these stamps are good for postage. They will, it is reported, be listed in the next U. S. Specialized Catalogue. It should be noted that a new design 10c stamp is also being issued to replace the one now current, so collectors should obtain the old ones while they can. Some post offices, having no sale for these stamps for many years, may still have the first issue orange and blue stamps on watermarked paper, and plate markings of the 1910 style.

## New Plate Numbers

The following plates were sent to press during the month of March:

1c Audubon 22546-47; 10c Addams 22558-60; 1c Foster 22564-65. These were the usual 280-subject rotary press electric eye convertible plates used for the Famous Americans Series.

Plates 22561-62 of the 3c Pan-American Union stamp and 22579-80-81-82 of the Pony Express stamp. These were 200-subject rotary press plates.

The only ordinary stamp plates sent to press were 22426-27 for the 3c Jefferson Presidential, both being electric eye convertible 400-subject plates.

## Martin Elected Chief

Donald W. Martin of Cleveland was installed as 1940 Fire Chief of the Visiting Firemen of Philately at the annual meeting held in connection with the open house April 20 of the Beaver County Philatelic Society at Beaver Falls, Pa. Robert L. Chapman of Canton, O., was elected Assistant Chief and P. V. Risinger, of Stow, O., Hydrant Tender and Chemical Dispenser of the fun-making nocturnal order of philately.

• The navy post office on the U. S. S. Denebola has been ordered re-established.

## Demand Exhausts Supply

The KenMore Stamp Co. advise that the extra demand for copies of the April KenMore Kollektor which contained the article, "How to Mount a Collection," by Langford Robinson, and Mr. Deaville's article on "Canadian Geography and Stamps," has exhausted the extra 1500 copies the company had printed of that edition. They suggest that collectors who don't want to miss such articles subscribe to the Kollektor (50c) and they will send free a copy of their Katalog. No catalog will be published by KenMore in 1941, just a supplement which will be sent free to all Kollektor subscribers. The supplement will be issued this September and will be in such form that it may be clipped and pasted in the Katalog or used intact. The Katalog will be next reprinted in 1942 and it is intended to reprint it only every two years. Most purchasers indicated they desired this sort of an arrangement, as 90% of the prices in the catalog do not change in 12 months.

The May Kollektor contains a fine 8-page supplement printed on heavy stock, having on the front a large photo engraving of an original painting of Sir Rowland Hill, and containing on the inner pages the story of the Penny Black by Ruth Fischer, and pictures of the present royal family and their visit to the United States. A copy of the engraving of Sir Rowland Hill supplement which may be clipped for mounting in your album, can be obtained for 10c by writing the KenMore Stamp Co.

## Free Centenary Label

The May 3 meeting of the Columbus Philatelic Club was devoted to the Great Britain Penny Black Stamp, first postage stamp which all collectors honor as the "mother" of their hobby. Each member had been invited to bring to the meeting any stamps, covers, papers or books of interest on this stamp.

The Club presented each member present with a handsome Centenary Souvenir label, symbolic of the first two British stamps, the penny black and the two penny blue. A supply of these labels is still in the hands of the secretary and any collector of Philatelic Labels who wishes a copy may have one by sending a stamped and addressed envelope for mailing. Additional copies, as many as wanted, at 5c each. Stamps may be sent in payment for extra copies.

Address the Secretary, Robert Richardson, 40 W. Long St., Columbus, Ohio.

• The Rutland County Stamp Club has also prepared a poster stamp for the Postage Stamp Centenary. Printed in two colors, the attractive label is available at 5c plus postage from Mrs. A. C. Mason, 143 Grove St., Rutland, Vt.

• Canadian postmasters were sent by their P. O. Dept. a poster on the centenary of the postage stamp, for display in post office lobbies.

## First Day Statistics

First-Day sales figures for the last five commemorative stamps issued by the Post Office Department were announced last night by Postmaster General James A. Farley as follows:

1c Audubon, 144,123 covers mailed and 551,760 stamps with face value of \$5,-517.60 sold. 2c Dr. Long, 158,128 covers mailed and 363,862 stamps with face value of \$7,277.24 sold. 3c Pan-American, 182,401 covers mailed and 233,053 stamps with face value of \$6,991.59 sold. 5c Dr. Walter Reed, 154,464 covers mailed and 147,539 stamps with face value of \$7,376.95 sold. 3c Burbank, 147,033 covers mailed and 253,497 stamps with face value of \$7,604.91 sold.

The designer of the Wyoming Statehood Commemorative Postage Stamp was Alvin R. Meissner. The vignette was engraved by Charles A. Brooks while the lettering was done by Edward H. Helmut.

It will be noted that according to the official figures given above, nearly 8,000 more covers were mailed of the Dr. Reed stamps than are stated to be the number of stamps sold. Evidently one total at least is incorrect, or else 8,000 covers didn't have stamps on them!

• For the joint Centenary Exhibition of the Bay City Philatelic Society and the Saginaw Stamp Society, a souvenir label sheet containing a block of nine facsimiles of the Penny Black was issued at 10c per sheet or 4 for 25c. Copies may be obtained at these prices plus return postage from S. Scharf, 2122 N. Bond St., Saginaw, Mich.

R. J. Lewinson Co., 825 West End Ave., New York City, who does a mail order business only, has found it necessary to issue a second edition of his U. S. Price List No. 15. All stamps are listed by old and new catalogue numbers and the list is arranged in such a manner it could serve as a pocket checklist. Free to any collector.

A novel and very useful checklist of U. S. and Possessions has been issued by the Tatham Stamp & Coin Co. of Springfield, Mass. Measuring 3x5 inches the booklet contains the old and new catalogue numbers and directions on how to use it as a simple and quick checklist. The copies with stout paper cover are free, but they will supply one with leather cover for 35c (approximate cost to Tatham) and your name and address can be imprinted on it for 20c per line.

A price list of British West Indies is at hand from E. D. Bowie, St. George's, Bermuda. A dozen pages comprise the offerings of stamps on and off cover. Free to collectors.

Scott Publications Inc. have issued a 32-page pricelist illustrating and pricing their line of albums and accessories. Space is provided on the front for dealers to imprint their name. Ask your dealer for a copy, or write Scott's.

An 86-page 1940-41 catalogue is at hand from Max F. Bier Co., P. O. Box 14, Staten Island, N. Y., listing U. S. and Foreign singles and sets they have in stock. Thousands are offered from their extensive stock. Free upon request.

Christmas Seals of the World are covered in the Sixth Annual Checklist of these issued by Ben L. Morris, Box 179, Bellaire, O. The list, though priced, is more of a reference list than price list and well worth the modest sum of 10c which Mr. Morris asks.

## A. E. F. Postmarks Exhibited

There is being exhibited at the National Museum in Washington, D. C., during the month of May a composite exhibit of items from the collections of members of the War Cover Club.

This exhibit is remarkable in that it includes every known type of postmark used by the A. E. F. during the World War. Some of these are really rare, for of the 61 recorded types of A. E. F. postmarks, there are eight of which but a single specimen is known, and no one collector has a complete collection of all types.

A chart illustrating and describing all known A. E. F. postmarks may be obtained for ten cents from Delf Norona, Moundville, W. Va., editor of the War Cover Club's official organ, and who prepared the exhibit.

## Cuban Official Notice

In accordance with a custom greatly appreciated by collectors, the Cuban postal service has issued a printed sheet with biographical notes on the Cuban depicted on the Pan-American Union stamp. The 8x11 sheet will just about fill an average album page and a copy may no doubt be obtained free by writing the Secretaria de Comunicaciones, Direccion de Correos, Negociado de Servicio Internacional y Asuntos Generales, Habana, Cuba.

# Editor's Notebook

**BACK AGAIN** It's fine to be back on the job again. I just don't care for the type of vacation which is among the results of an appendectomy. Anyway, here is one stamp collector who will never be able to forget the date on which the Pony Express stamp was issued. It was a real pleasure to receive the numerous cards from you subscribers and I take this opportunity to voice my thanks for your shower. I do think, though, that Dr. Gilliam, our local club prexy, deserves a little sympathy too, as he had recently started to collect Denmark and you all know the surgery also practiced on that country early last month. I recovered in fine shape—but will Denmark?

There has been an unavoidable delay in attending to correspondence and some columns had to be omitted temporarily, but these matters will soon be attended to. My desk was about covered with a thick layer of papers, letters, etc.—not to mention cat fur. Snoozer, long discouraged in attempts to sleep on the editorial desk, enjoyed, as her name suggests, my "vacation," for layers of cat fur and foot-

prints were found at regular intervals in the stacks of papers. Thank something-or-other, appendicitis can only come once at the most per lifetime.

—R. R.

P. S. I'm still single.

## Perts and Imperts

**A CARTOON SUBMITTED BY HERMAN J. FUNK** from the April 4 *Chicago Daily News* should touch the sense of humor of all of us. Shows a junior in the bathroom, looking in the bottom of a drinking glass and below is this inscription: "Wondering whether to start an inquiry into the whereabouts of the stamp you left soaking in the glass or whether—just in case some member of the family took a drink of water in the dark—it would be wiser to keep still and charge it off to profit and loss." It could have happened. The cartoon is titled "Difficult Decisions" and drawn by Gluyas Williams.

**A VERY ATTRACTIVE METER** IS submitted by Walter Swan, Jr. Dated Nov. 1936 it has instead of a slogan a redrawn design in imitation of the Wells, Fargo Pony Express stamps of 1861. The user of this meter was the Wells Fargo Bank & Union Trust Co., San Francisco. We'll bet they dusted off the die and put it in use again last month!

**IF ENOUGH REQUESTS ARE RECEIVED**, *Liberty* might print a stamp article. W. D. Gray of Belle Valley, O., submits a "Vox Pop" item which includes a letter from a *Liberty* reader suggesting such an article and the editors asked how many would like to see such an article. Here's a chance for you *Liberty* readers to boost the hobby.

**A CARTOON IN THE CHICAGO Daily News** of March 22 shows Vice-President Garner jumping up and down in rage at receiving a letter franked with a stamp picturing Farley and inscribed at top "Vote for Farley." The cartoon is titled "Any Minute Now."

**THE COURIER-POST** of Camden, N. J., recently had an editorial deploring the decision not to have a Postage Stamp Centenary issue. Thanks to Morris C. Rothblum for a copy.

**RUSSIA BELIEVES APPARENTLY** in a one-way stamp traffic: outgoing only, for we note that the importation into that country of stamps, used or unused, in bulk, separately or in collections is forbidden.

**THE DENTISTS DON'T SEEM TO** be very stamp-conscious. On March 18 they gathered from all over the world to celebrate the centenary of dental surgery at Baltimore and so far we've not even seen a cachet.

## British Centenary Stamps For Morocco

A cablegram to the KenMore Stamp Co. from London states that there will be six stamps instead of four in the Postage Stamp Centenary series. Denominations will be  $\frac{1}{2}$ , 1,  $1\frac{1}{2}$ , 2,  $2\frac{1}{2}$ , 3d and they will also be overprinted for the Morocco Offices, making twelve stamps in all to be issued. The addition of the 2d and 3d was due to increase of postal rates due to the war.

There seems to be some confusion, however, regarding how many stamps will eventually appear, indicating indecision on the part of postal officials. Data reaching us via cable from A. Medowar, currently advertising these stamps, indicated at first a total of 11 stamps would be issued, then 12 and finally that 13 would be issued. Since it is understood that unoverprinted stamps are used in the international city of Tangier and that stamps for the Morocco Agencies are now overprinted only for Spanish Currency, the additional varieties aside from the unoverprinted stamps must be these Spanish overprints. Collectors who have ordered covers and sets must be prepared for additional charges as dealers advertised these on the basis of the short set originally contemplated by British postal authorities.

## Dealers Having Linprint Covers

The above includes dealers who can supply other covers as well.

## Philatelic Label Catalog

The great interest being shown in the collecting of Philatelic Labels; that is, imitation stamps, seals, souvenir sheets and the various souvenir pieces that are issued by stamp clubs and societies for annual meets, conventions, etc., has led us to prepare for the publication of a catalogue of these items.

They are of course, interesting to students of our hobby, they have a place next to the literature of our hobby and make a very fascinating field to collect. In the preparation of a catalogue of these labels, the author has based the catalogue on his own collection. The first revised edition will have added to it all other varieties that collectors may offer.

Unlike postage stamps, there is no stable government behind these labels and doubtless the hardest task will be to attempt to confine the listing to legitimate issues of clubs and societies. If we were to include any label of a philatelic nature, we would soon be swamped with issues of racketeers who would figure that a few cents each for labels would be a good price. Racketeers have injured other forms of collecting, such as cacheted covers, etc. We will aim to see that the cataloguing and listing is in such a manner that labels made primarily for sale to collectors will be given scant attention.

The first catalogue will be approximately 5x7 inch size, will contain probably 50 to 60 or more pages. It will retail at 50c per copy and it is our hope to have it ready in June.

Collectors who are interested should read the advertising announcements that will be published. The support of all who are interested in this field will assure early publication of the catalogue. If you collect, please send your name on a postal card. If you know others who collect or deal in these labels, please send their names to the publishers of this paper, that these people may be advised of the publication of the catalogue.

## Canton (S. Dak.) Club

In January a new stamp club was organized in South Dakota and chose the name "Canton Stamp Club." Having a membership of 40, the club meets on second and fourth Thursdays at 7 P. M. at the Canton Public Library, and collectors of the vicinity are welcome. Mrs. Edward A. Ashley is President. Most of the members are subscribers to LINN'S and we extend our best wishes for a successful and prosperous club.

\* The overture to the opera "Il Guarany" was played on the Telephone radio program, April 29, the announcer calling attention to the fact that the first bars of the piece are printed on a Brazilian issue of 1936.

## Canton Island Post Office

Establishment of a United States post office on tiny Canton Island, 4,316 miles off San Francisco in the south Pacific Ocean, was announced April 27 by Postmaster General Farley.

Situated just below the equator, 1,912 miles southwest of Honolulu, Canton Island is scheduled to become the first stop on the proposed United States air mail route between Honolulu and Auckland, New Zealand, by way of Canton and Noumea, New Caledonia, which will afford direct service from San Francisco to New Zealand as the San Francisco-Honolulu leg is now being operated regularly as part of the Post Office Department's trans-Pacific service which has been in operation since 1935.

In making public plans for the establishment of a post office on Canton Island, Postmaster General Farley also announced that he has appointed Harold K. Graves as Acting Postmaster for the new south Pacific post office. Graves is at present employed as airport manager by Pan American Airways at Canton Island, and he will be in charge of the development of the Island as an air base for the New Zealand air mail route. The island is in the Phoenix Group and is about 11 miles long, though at its widest point is only 600 yards wide. Inhabitants total 12 men plus numerous rats and hermit crabs.

\* The San Francisco Junior Chamber of Commerce will cachet free any covers received by them by May 20th for the opening on May 25th of the Golden Gate International Exposition. Mark outside cover "Cachet Director" so that mail will promptly reach Cachet Director John D. Long.

\* A copy of the best known portrait of Sir Rowland Hill is featured on the set of three labels issued by the Michigan Stamp Club on May 4 for its Centenary Party. Sets may be obtained for 10c plus postage from E. B. Cookson, 602 Free Press Bldg., Detroit, Mich.

\* On June 1 the name of Rolla, Va. will be changed to Verona.

# Do You Collect Philatelic Labels?

## Linprint Will Publish a Catalogue

EDITED BY GEORGE W. LINN

### A PHILATELIC LABEL EXCHANGE CLUB

## "P-L-E-C"

Mr. Linn has over 40 years' experience as a dealer, collector and publisher in the stamp collecting field. He has seen many side lines to stamp collecting come and go. Some few years ago he started gathering and saving the Philatelic Labels as issued by clubs and societies for their annual meets, conventions, etc.

There has been a steady increase in the number of collectors who have become interested in these labels. We now believe that there are a sufficient number of collectors, that a real catalog can be issued. The publication of a catalog will greatly strengthen their standing. Already, some of the earlier labels issued in this country are quite rare and have been sold at substantial prices. It is going to be a big task to prepare this catalog, it will cost considerable and we believe that collectors who are interested will be glad to help in its production.

It appears that the first edition will run fifty to sixty pages, size about 5¼x7 inches. In the first edition, only a few of the items will be priced. Immediately after issue, we will ask dealers who have been handling these labels to help us price them. At the same time, we will revise the catalog and add items which were missed in the first edition. After publication, we will attempt to run in Linn's Weekly Stamp News a regular new issue listing for new labels.

We hope to have the first catalog ready in June. The price will be 50c postpaid, a sum that you can all afford to invest to help get this catalog issued.

That, in brief, is the story. Will you help by remitting 50c at once for a catalog? If you know others who collect labels, please send their names and address in order that we might send them a circular about the catalog.

The first edition will positively be limited to advance orders, plus a very small additional supply. Unless you order in advance you may be disappointed.

As a collector of many years' experience, I have always believed that collectors should do as much exchanging with one another as possible as in that way we can all add to our collections at the lowest cost. I therefore want to institute what we will call a Philatelic Label Exchange Club "PLEC."

This club will have no officers. The headquarters will be in our office. The rules and regulations will be simple, yet sufficient to give some protection to the members. The cost of joining will be 50c, which will pay your membership until the second edition of the catalogue is printed. If the club seems popular it will be continued and you can pay your dues for the second term which will start with the publication of the second edition of the catalogue.

The plan is simply this. In the back of the catalogue we will print a list of Club Members, those who have paid 50c for this listing. Your name and address will be printed under a heading which states that you will be glad to exchange Philatelic Labels with other collectors. The rules of the club will be simple, yet

we believe sufficient to protect all members, although we must state that the club in no way assumes responsibility for any member and that in event of unfair practices by any member their name will be dropped from the list and they shall be refused further listing in the future.

Your sole obligation will be to trade honorably with all members. You will contact members and make agreements for exchange either on basis of price in this catalogue or on terms that are mutually agreeable. You will agree in your exchange relations to hold intact, any seals sent you by another member until the transaction is completed to the satisfaction of both parties. This is a simple plan, yet sufficient to guarantee fair trading and that is all that is necessary.

You will, of course, report to our office any unsatisfactory trade with any member.

Below is an order form for the Catalog and for membership listing in the PLEC. Names to be listed in the catalogue must be in our hands prior to June 1st. Therefore please order your catalog and listing at once.

## ARE YOU?

The other day I asked a collector what he was going to do about his high value Presidential Bureaus. Was he going to take them with the overprint and all or try to get them all without the overprint. He replied that he would take them as he found them, if with an overprint OK, if without OK. For, as he pointed out, if they have an overprint, that is the way they were supposed to be used. If without it shows that somebody broke the rule or they were bathtubbed. This is a sensible way to look at it, but I am afraid that there will be a lot of collectors that won't take their high values as they find them, causing dealers more and more to find ways and means of getting OUT items till finally they will be entirely shut off and the collectors themselves will have defeated their own cause.

I have before me a 14c Atlanta with a date on it. The date is not very plain either, but after all it does not look so badly and as that was the way it was issued during the regular course of business should be a desirable item. The other day I noted a 9c New York, N. Y., which evidently had been tubbed, priced at 18c. Now are you going to pay a price like this or are you going to wait and take a dated one for a penny or perhaps nothing. It seems that right now, if you want 'undated' items, you must pay the price. There is a possibility that these items though in years to come will pay out, but there is also a possibility

that this dating rule may be suspended any time and all the premium you paid for your high values, especially from the big cities, be entirely wiped away. I do not pretend to know what the answers will be but I do know there is some food for thought to the one that intends to spend money on high value Presidential Bureaus.

## APPLETON, WIS.

W. O. Thiede of Appleton informs me that the old B71s have long since been used up and that the Presidentials have been on order as long ago as last December but have not yet been delivered. To fill the gap the Appleton office has been using a U-120 metal handstamp of which Mr. Thiede sends a sample on the 1c Presidential. So you can put the 1c Appleton on your waiting list.

## NOTES

The FORUM came in the other day with a 1c Presidential, Vincennes, Ind., in U-87-222s from New York have been getting in the boys' hair and now it's Chicago. Here is a little dope on the Chicago 222s. The J. B. Lippincott Co. Publishers have used some of them, as I have a cover with a nice copy on it.—Mr. Leonard H. Janota of Blue Island, Ill., sends me a 1c Presidential from the home town (or is it suburb) in U-121 type. Mr. Janota says that this one cent value is the first of the Presidentials used there.

## North Pole Post Office

Marshville, Wisc., was turned down, according to the *Superior* (Wisc.) *Evening Telegram*, on the town's request to change its post office name to "North Pole" because its office was not the northernmost in the state. The citizens of Cornucopia, Wisc., alert to the commercial possibilities of a village named "North Pole," on April 1 voted 110 to 44 to change the town name to North Pole. They hope their town may become the "northwestern headquarters of Santa Claus," one newspaper states. It is assumed the post office department will recognize the change by supplying new postmarking stamps with the new name to the Cornucopia, alias North Pole, post office. Miss Phebe Booth of Superior submitted clippings.

# BROADWAY CHATTER

B Y B I S T A N D E R

The Guatemala Pan-American shipment reached New York. Most dealers were forced to return entire shipments because of poor centering. Guatemala did not print any new stamps for the Pan American Union, but she overprinted two very old issues, and as usual the old stocks are never in any good condition.

The Dominican Pan American set as predicted is starting to rise in price in the New York wholesale market. The current wholesale price has already increased 20%.

The new Hitler birthday stamp has been featured by some new issue dealers under either caption of "Hitler poisoning a child" or "Hitler choking a child." Even with the adverse publicity given to Herr Hitler, it seems that this stamp has sold extremely well in New York.

Elliott Walton, one of the oldest New York wholesalers, invited me to go through his stock of mint foreign issues. I accepted the invitation and spent a very pleasant afternoon. In viewing this, I let out innumerable "oh's" and "ah's" upon seeing such a magnificent stock.

Spring is here in New York. The days are balmy and dealers on Nassau St. are walking around in their offices dream-eyed. After some casual conversation I find that some dealers have already planned their summer buying tours, which is the only way most dealers manage to get vacations. It combines both business and pleasure.

The epidemic of stamp robberies in the Metropolitan area is continuing unabated. The Consolidated Stamp Company and the Agruba Trading Corp. are the two latest jobs to be pulled.

Recent auction sales held in New York have featured quantities of early United States in very fine to superb condition in both mint and used. The reasons for

this are two-fold: (1) A number of collectors of finer early United States material have decided to take top prices for their holdings. (2) The executors of the estates of many deceased collectors have put much of this material back in circulation.

## Cover Collectors Hold Successful Convention

The Cover Collectors of America, a new national organization, held their first Convention at Tulsa, Okla., April 5th and 6th. 161 cover collectors registered and over 600 persons attended. More than \$100,000.00 worth of exhibits were on display and Col. Harrie S. Muller of Wichita, Kansas, won the award for the most outstanding exhibit with a beautiful display of Confederate covers. A motion was passed instructing the Secy. to write a letter to every Postmaster who broke postal regulations by the premature sale of Famous American Stamps. They will be advised that a constant check will be made on them and if any future violations are made an effort will be made to prosecute him or her to the full extent of the law.

The motion also made a plea that all members and other philatelists make every effort to see that all Postmasters who release any stamps before the advertised date be reported to Mrs. R. B. Allport, 1621 South Quaker, Tulsa, Oklahoma, Secy.-Treas. The motion also went further in its plea to members and every stamp and cover organization for them to put pressure on their Senator and Congressman to pass a bill making it illegal to sell or use a U. S. Stamp until the official published date.

The second convention was awarded to Tulsa and will be held in the Spring of 1941, plans are now being made to house 2,000 frames and to entertain cover collectors from all sections of the United States. A contract was made to Mrs. R. B. Allport to form and put into action at once a sales circuit, this being for members only and giving them a chance to dispose of any and all duplicates. A drive has been started to enlist 2500

new members, and anyone interested in joining should write to Mrs. Allport. Officers elected include C. N. A. De Bajligethy, Tulsa, Okla., President; and C. F. Brendendick, Tulsa, Okla., Traveling Secy.

# The Answer Is . . .

"When you send for a cachet with 1c, to be 'serviced,' do you send a cacheted envelope or do they stamp the cachet on the envelope?" Most cachet sponsors (persons who will accept covers and see that a certain cachet is placed thereon) charge 1c per cover for "forwarding." This small sum goes toward paying their postage expense in sending the covers under wrapping to the place where they are to be mailed (such as on navy vessels). Covers sent these people, however, should be stamped and addressed. In other words, ready to mail. If you send them a cover that already is cacheted they might have to place their cachet on the back if there be insufficient space on the front. LINN'S will not print free a mention of a cachet if the sponsor is charging for the cachet or envelope, or if sponsor desires to charge 1c "forwarding" when the covers are being mailed locally and are not actually being forwarded any considerable distance.

"What are the value of Last Day Covers?" We have repeatedly stated we do not give valuations. If you mean WHY collect them, the answer why some collectors do is that they are interested in postmarks of unusual names or of offices that are personally interesting. We know of no reason why these covers should be thought worth more than a nominal sum, since anyone can get them and hundreds of post offices are discontinued sometimes in a single year.

"How may I obtain Last Day covers?" Like any other cover event. Prepare your cover by addressing it, sealing it, placing stamp on it and then placing it inside another envelope with a note stating you want cancellation of the last day and mail to the Postmaster of the post office to be discontinued. Usually they will oblige with clear cancellations. You should send covers early enough that they will reach him before the office closes.

A Wisconsin reader, Leslie E. Pease, reports finding a 3c Jefferson stamp which came apart into two curious portions: one piece being normally perforated all way around but only having the bottom 60% of the design printed, above that the paper being blank; the second piece fitting over this blank space and having the design printed thereon. This is what is termed a "double paper" variety. U. S. stamps of the rotary press printings are stamped on continuous rolls of paper, any break in a roll or addition of a new roll being handled by splicing the two by simply overlapping the ends of the two. Inspectors try to detect and throw out stamps which may be printed on these spliced portions, but the splicing is sometimes so well done that it escapes attention. Usually the splice covers several rows of stamps in a sheet. Mr.

Pease's stamp is from the most interesting portion of the paste up.

"What is a bourse?" Webster's definition that it is place where merchants gather to sell and exchange is applicable to stamp bourses. At most exhibitions tables are set out from the walls in a row, sufficient space being between table and wall to allow the vendor to sit there, while such customers as choose can sit down on chairs placed along the other side of the table. On the table the dealer places his stock books, etc., and the customer looks through these, same as at any store counter. Most bourse spaces are six feet wide, and effort is made to locate them where visitors to the exhibition will see the wares displayed. The original stamp bourse was that in Paris of the 60's when informal groups got together in the gardens of the Tuilleries, not necessarily though with tables. They carried their materials and collectors predominated. Precancel club bourses are generally conducted on a barter basis. Illustrated is an old photo of the Paris bourse, still in operation.

"I have a copy of the 50c Foreign Exchange U. S. Civil War Revenue which is imperforate at the vertical sides, but it is not listed in the catalogue. Is this a freak or rarity and why is it not listed?" Our correspondent goes on further to state his stamp looks like it was from a block, perforated only one direction, the imperforate sides being separated by creasing and then tearing the stamps apart. While it may have been from an imperforate vertically sheet, the fact that it is a single makes it impractical to list it in the catalogue as a similar copy might be made by cutting the perforations off the same two sides of a fully perforated stamp. Catalogue listings of part perfs or imperf's are based on the known existence of an unsevered pair at least. A single copy is not conclusive proof.

A 1c 1851 U. S. having at the left margin the printed inscription "TON & CINCINNATI" puzzled one reader. This is the last portion of the plate inscription on the plate and is found on the sheet margins (if you are lucky) and in full reads "Toppan, Carpenter & Co., Bank Note Engravers, Phila., New York, Boston & Cincinnati." It extends along the margins of about four stamps.

A copy of the 2c 1928 Molly Pitcher stamp with the "M" of "MOLLY" having an extension of the left upright of the letter is reported by William Robertson, New Kensington, Pa., who asks if it is a variety. Unless two copies, exactly identical, are found, it probably isn't, as this overprint was often smeary in appearance and such extras on the letters could be and probably are just among the results.
